SINCE 1946

SPECIFICATIONS FOR B&K'S NEW

Construction:

- $1\frac{3}{16}$ " x $1\frac{3}{16}$ " x 16', 14', 12' Hardwood Moldings.
- 6 Coat Paint Process with Urethane Material that stands up to gasoline / alcohol blends.
- Safety color lime day-glo color on 2 sides.
- Extra heavy duty **nylon protective button** with spiral-barbed stud that stays in place.

Characteristics:

- New level of quality in tank sticks that has never before been offered.
- Visibility is the key to an accurate reading. Our "Super Stick" is the highest visibility product in our market.
- Durability, with our 6 coat process, not only is the visibility improved, but the durability is also enhanced.
