

TUBO[®] TOWELS[®]

THE WORLD'S TOUGHEST WIPE!

BIGGER

Extra large 10" x 12" scrubbing towels have twice the cleaning surface of typical wipes. One big towel soaked with our incredible secret cleaning formula can tackle jobs ordinary wipes simply can't.

TW01

STRONGER

Our towels are immersed in more than 2 pounds of our proprietary 9-cleaning-agent formula in every tub. This is no off-the-shelf disinfectant; this is a serious cleaning solution for serious messes.

TW40

TOUGHER

A tough cleaning solution deserves a tough towel. Our fiber weave design not only captures grime and dirt particles, it's tough enough to withstand vigorous scrubbing for jobs that need a little more elbow grease.

TW90
