

Cost Benefits/Warranty

Two-inch Red Thread® IIA pipe has the largest I.D. in the fueling industry. This gives the customer the advantage of selling twice the fuel per foot of any 1½" thermoplastic product on the market. There are no reinstall costs due to fuel incompatibility. Homogenous systems require no liner or bladder.

Installing NOV Fiber Glass Systems product gives you confidence with a 30-Year Warranty* providing the following:

- Internal Corrosion
- External Corrosion
- Workmanship

The product is warranted to be free from defects in material and workmanship and against internal and external corrosion when used for underground transportation of fuels. Our quality assurance procedures meet or exceed the test requirements of UL/ULC 971.

Performance you trust....from products you know!

* Limited warranty. Please review to written warranty (B2171) for terms and conditions.
